BHARTIARTL - Candlestick Chart with Trades

The chart displays price movement over time. The Y-axis is labeled 'Price' and ranges from 240 to 380. The X-axis represents time, with major ticks at 0, 1, 2, 3, and 4. The price starts at approximately 280 at time 0, rises to a peak of about 370 at time 1, then drops sharply to around 250 at time 2. It then recovers to about 350 at time 3 and ends at approximately 360 at time 4. A legend in the center of the chart identifies the following order types:

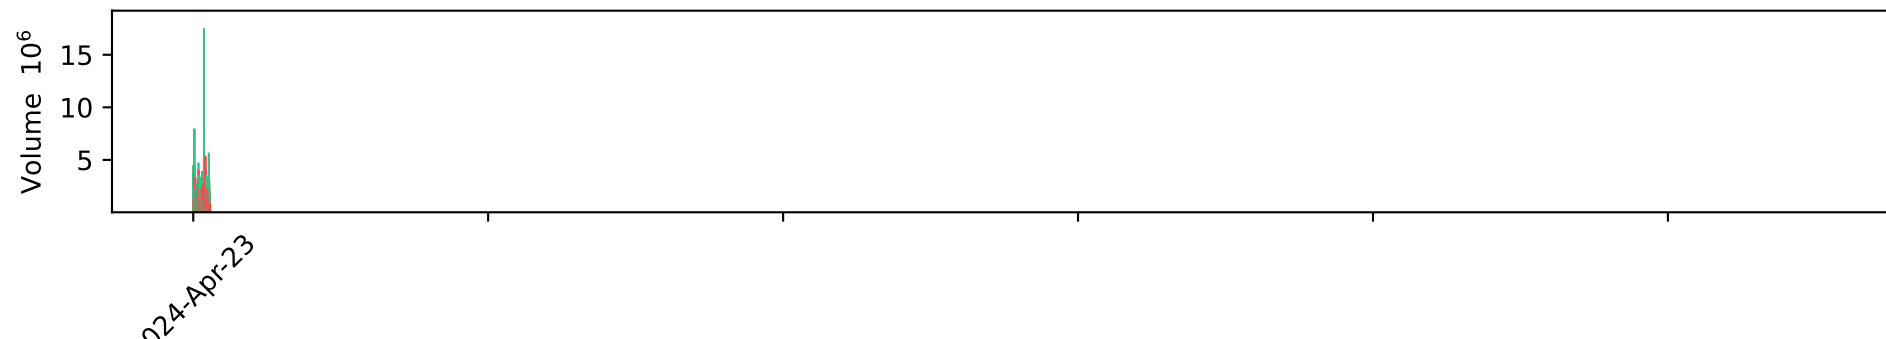

- BUY (Green upward triangle)
- TAKE PROFIT (Red downward triangle)
- BUY (Green upward triangle)
- TAKE PROFIT (Red downward triangle)
- BUY (Green upward triangle)
- STOP LOSS (Red downward triangle)

On the right side of the chart, there are six markers corresponding to these order types, indicating specific price levels where these orders were executed or triggered.
